# ABOUT US

With the vision of being the most reliable industrial service provider in KSA, we have created a work culture where maintaining high quality standards is the top-most priority during the execution of our projects.

Being a customer-oriented company, our team of well experienced and skilled work force provides the highest quality services, whilst being flexible to satisfy every need of our clients. We believe in maintaining an excellent interpersonal relationship with our clients and providing continuous support during their projects.

The hard work and dedication of our team coupled with our unmatched quality ensures the retention of our clients, who are always left satisfied by our services. ALI FOUAD AL-BANNAWI offers a wide range of services which includes different types of Civil, Mechanical, Electrical, De-Watering, Shutdown & TAM, Manpower Supply services and MEP. Each division is totally committed in delivering the highest quality of services.

Effectiveness of our services can be measured by the quality of work produced. Our management team is comprised of highly qualified, well trained, experienced, competent and self confidence people. ALI Fouad AL-Bannawi General Contracting Company has been proud of its enthusiastic, energetic and innovation managers who brought this company from scratch to this present form.

**"Industrial Experts with Fastest Response"**

# *“Industrial Experts with Fastest Response”*

## **Our Mission**

Our promise as a contractor is to build community value into every project while delivering professional expertise, exceptional customers service, Manpower Supply and quality construction.

## **Our Vision**

To be one of the preferred service partners in the Kingdom and GCC.

## **Our Value**

Innovation, Diversity & Inclusion, Environment, Trust.

# SAFETY FIRST PROGRESS MUST. WE DO IT THE SAFE AND RIGHT WAY

ALI Fouad Al-Bannawi Gen.Cont.Co is 100% committed to ensure Safety Compliance. We are ISO 45001:2018 (OHAS)

Certified Company.

We are 100% compatible with our Client's Safety Compliances.

# SAFETY

## OUR SAFETY MEASURES

- 1. Safety Equipment:** We ensure all our workers should wear the required safety gear while on the work premises.
- 2. Risk Assessment:** To protect our workers and those around us, we are always aware of what could go wrong and what we can do to prevent a potentially dangerous situation. We never take unnecessary risks and stay calm if we find ourself in a perilous predicament. We conduct a risk assessment to identify and prevent work hazards. We have a safety officer with special training to recognize and analyze hazards.
- 3. Safety Training:** We ensure safety training of all our Workers as they must be aware of all safety procedures, especially as they pertain to their specific position. A periodic special training are provided to reduce the risks of accidents.
